Bank Information

We prefer to receive payment by check drawn on a US bank in US funds. If you would prefer, here is our current banking information for wiring payments directly to the Gumbo bank account. Wire transfers and their terminology are not standardized through out the world. The usual flow is You > Your Bank > Federal Reserve Bank of New York > First Savings Bank Northwest > Gumbo Account > Us. You may have to interpret the information given to correctly transfer money. You are responsible for paying your bank's wire transfer fees.
